Why You Can Afford New Translucent* Dentures at Dr. Campbell's
"Made with translucent teeth and translucent denture material the kind which do not have the telltale hard brilliance formerly characteristic of artificial teeth... accepted by dentists as the finest for making dentures, the closest imitation of natural teeth."
Dr. F. E. Campbell, dentist, says— I SAVE YOU MONEY IN THESE TWO WAYS:
1. I buy supplies and equipment at volume prices for 12 denture offices.
2. I save in making each denture because I make so many of all types each day.
MADE IN MY OWN LABORATORY
Each of my 12 offices has its own dental laboratory... on its own premises. This works for close professional supervision and for efficiency and economy.
Save Even More With Rebuilt Dentures
For a new fit with your old teeth, have them reset in new translucent material. You save a considerable part of the cost of entirely new dental plates.
